

About Us - HOF Decor

Written by: Stacy-Ann Hayles

When cookie cutter just won't cut it...

At HOF Decor, we have only one goal: to make your event look and feel exceptional and reflect you in every way. Every small detail of your event is as important as the big picture, and we leave no stone unturned in our quest to transform the event space into an experience you will remember for a lifetime. Decor plays a significant role in any event and we take our job of creating the perfect atmosphere very seriously.

We provide the full suite of event decor services across Jamaica for any event, large or small, including weddings, business functions, trade shows, parties, among others. From beautiful floral arrangements to high quality furnishings and custom fabrications, we make sure that every element is perfectly suited to your taste.

We understand that our clients have different tastes, lifestyles and needs, which is why our services are customized to fit you perfectly. Whether it's consulting and developing a design concept, simply providing the furniture you need or managing your entire affair from idea to execution, we are able to step in and do our part, no matter your location. And with years of experience in event planning in Jamaica, we can also provide the best recommendations for related services you may need.
